EU Objectives in HTA

Article 15 Directive 2011/24:

- *Support cooperation between national HTA Authorities*
- *Support MS in the provision of objective, reliable, timely, transparent, comparable and transferable information [...] to enable effective exchange of information*
- *Avoid duplication of assessments*

EU Cooperation in HTA – where we are

- **HTA Network** (art 15 Directive 2011/24)– **strategic level** (2 meetings 10/2013 4/2014) → MS representatives (mainly MoH); EMA associated
- **EUnetHTA** (Joint Action HP)– **scientific level** – on-going until October 2015 → HTA doers (mainly HTA Agencies)
- Two levels in synergy and complementary
- Involvement of stakeholders - both @ strategic level and scientific level

EU cooperation in HTA – VISION

- New phase of cooperation → from "agreeing on " to "doing and learning together" → **PILOTS**
- Up take of joint work in national activities → **MAINSTREAM**
- "Life cycle" approach to health technologies → More synergies with regulators and payers → **DEFRAGMENTATION**
- From "projects" to "permanent" cooperation → **SUSTAINABILITY**

Secretariat for scientific cooperation in EMA?

- A “different” EMA
- A decentralized model (not CHMP)
- Scientific synergies with regulators fro Pharma
- New concept to be designed for MD and other technologies

Conclusions II

- Are YOU ready to play your part?
 - National HTA agencies
 - Competent authorities/ payers
 - Technology developers
 - All stakeholders (patients, professionals, academic bodies, private experts ...)
 - ...
- "New" cooperation on HTA in Europe can be reality only if all subscribe and engage in shaping it !
