

Teaming up for value - views on how the HTA cooperation could be of value and could be impactful in the next JA3 and beyond

Sophie Cros, Abbott Vascular

Teaming-up For Value Means

European HTA Cooperation and HTA partners:

1. Acknowledge that European access model for medical devices
 - is diverse in nature
 - is unique and bring valuable innovations to patients in Europe;
2. Acknowledges that current and revised CE-mark process demonstrates safety and performance;
3. Ensures that HTA supports innovation, SMEs and appropriate patient access
4. Ensures that HTA is fit-for-purpose = informs timely decision making on public health matters

Teaming-Up For Value Means

Proactive, collaborative, flexible & inclusive stakeholder involvement on EUnetHTA JA3 level to define sustainable modalities and activities of the HTA cooperation in Europe for medical devices.

Questions to answer first

- What triggers European HTA for medical devices and why we are doing this
- What type of technology is appropriate for European assessment

WHY and WHAT

Questions to answer second

- Is rapid or full HTA appropriate for joint European assessment
- What time is the right time to perform joint HTA

WHAT and WHEN

Questions to answer then

- Proper methodologies to be applied
- Clear governance for stakeholders engagement

HOW

WHY, WHAT and WHEN

This needs to be answered in collaborative mode

→ **EUnetHTA JA3** to support establishment of **HTA Network Level Medical Technology Platform** to define the value, governance, modalities and activities of the **HTA cooperation in Europe**

- Supporting Dialogue among MS, Payers, Industries, HCPs, patients, EU institutions, HTA bodies
- Specific for Medical Devices Including IVDs, e-health technologies
- True partnership
- Facilitated by European Commission
- Focus on downstream cooperation (payers, MoH)
- EU Network coordinating with national initiatives to define unmet health needs, value of medical devices and value-based decision making
